Interesting Items From Milo & District

Mrs. Doris McLean and children of Calgary were guests of Mrs. R. Beckner.

Daryl Thorton of Calgary, spent the Eastern vacation with Master Billy Watt.

Mr. George Heather and Mr. Alfred Heather have exchanged residences at their respective farms.

A surprise party was given in honour of Sgt. John Umscheid by 30 of the young people of the district and a fine time was had by all.

Mr. and Mrs. Johnson and family of Lacombe were visitors at Mrs. Johnson's parents, Mr. and Mrs. James Page.

A very successful auction sale was held at the farm of Wilbur Jeffers who is shortly leaving for the coast. One grade cow brought \$150.00.

Gordon and Mrs. Ivers spent a week-end at Retlaw and also attended the Engineers' ball at Lethbridge, the guests of Mr. and Mrs. Charles Lewis.

Mr. and Mrs. Cecil Dunn have moved to Penhold where Mr. Dunn has purchased a fine farm from George Evans.

Mrs. Glenn Palfrey and her two children of Calgary spent a few days with her parents, Mr. and Mrs. Lester Phillips.

Mr. and Mrs. Honeychurch and son Kenneth are visiting at Frank Page's. They were accompanied by Mrs. Page's father, Mr. Gardner also of Calgary.

Plans are under way for the possible re-organization of the Roseleaf Rebekah Lodge which enjoyed such a splendid membership in this district a few years ago.

Miss Lynes who has been holding Sunday school and other religious services in the Majorville district is attending a ten-day convention at Three Hills.

Mrs. Frances Bertrand who is teaching at Irricana, was home for the holidays. She was accompanied by her mother, Mrs. M. Monner who has been spending the winter with her.

A nice reaction has come from the Red Cross Branch at Calgary asking the Red Cross Branch at Calgary asked us to send a plan of our organization to Kimbey where a similar sale is planned.

Your correspondent is due for an early demise. The article we wrote on bogus gold mines sold by Eastern promoters was repeated by R. D. Colquhoun. Either we will receive a time bomb in the mail or else we'll be offered a bribe to keep quiet.

A delightful shower was held at the home of Mrs. J. M. Thomson in honour of Mrs. B. F. Hill, nee Maxine Stephansen. About thirty guests were in attendance and the bride was the recipient of many lovely presents of glassware, china and linen. Mrs. Hill thanked her friends in a few well chosen remarks and an enjoyable lunch was served by Mrs. Thomson.

One of the most optimistic notes we have heard about the war's end was expressed in our office the other day. Milo has three strings of colored lights which are used on festive occasions. Several bulbs were burned out and their repair was in the hands of the local electrician. After listening to the war news Bill remarked: "If I don't soon get those street lights fixed the war will be over and they won't be ready."

Welcome Former Teacher

This week, Mrs. Caverhill of Lacombe is visiting Mrs. Jessie Umscheid. She was formerly Miss Dobbs and taught the Pioneer School in 1912 and again in 1914. What nostalgic memories must return to a teacher who comes back to the scene of her labors after 30 years. What surprises she must politely conceal as those brilliant students for whom she held such high hopes are found to be walking the middle road and those who were apparently unable to grasp the significance of the three R's amounted to something after all. Time endears a teacher to a community. Her failings are put down to just her personality and her virtues make her almost haloed. One of our teachers told us once that we should be a writer. Perhaps that early prophecy has some fulfillment in this column of sense and nonsense and we do get quite a kick out of signing cheques.

Blind Date Dance

An exceptionally fine social evening was held by the Milo L.O.O.F. lodge for members, their wives and friends. One of the outstanding attractions was a Blind Date arranged from the radio presentation. The men were on one telephone up on the stage and the girls concealed in an ante-room at the back of the hall. Some of the men taking part were Clarence Umscheid, E. A. Jones, Marwood Jones, W. Stadnick, Everett Winkler, J. Howell, Len Northcott and A. A. Robertson. The ladies were Miss Iona Deitz, Miss Harriet Engen, Miss Hazel Gilliland, Miss Mabel Peterson and Mrs. M. Robertson of Vulcan. From what we hear the old married stuff

RED CROSS NOTES

Acknowledged with thanks is a pair of children's mitts from Mrs. C. Smith. The following articles have been forwarded to the Alberta Division: 7 quilts, 20 boys coats, 2-year size; 7 girls coats, 12-year size; 24 pairs socks; 7 pairs infants leggings; 11 children's sweaters; 12 pairs boys underpants; 21 pairs baby panties; 84 diapers; 3 pairs gloves; 3 scarves; 3 T. N. sweaters; 10 pairs socks; 6 ladies hose; 2 dresses; 1 nightie; 12 hot water bottle covers; 1 pneumonia jackets.

Extracts from the Bulletin of the National Purchasing Committee of the Red Cross Are:

The various Controllers of Textiles, Cottons, Rayons, Woollens and Hand Knitting Yarns are very much concerned (because of many complaints) over a practice indulged in by many well-meaning persons who persist in buying goods from retailers and wholesalers across Canada to be made up for Red Cross export overseas. This practice must stop forthwith or it will endanger the quotas granted the society. We cannot obtain goods on quota and at the same time denude merchants' shelves of vitally needed civilian supplies. We simply cannot procure goods both ways any longer.

The controllers concerned have earnestly requested the Red Cross to remedy the situation to avoid drastic action on their part. We of the National Purchasing Committee feel sure we can count on your co-operation in dealing with this problem.

At this date the general situation shows no sign of being any easier insofar as the Red Cross is concerned. We therefore of necessity must "cut our coat to suit our cloth."

You may be sure that the National Purchasing Committee will do all in its power to procure every single item it can for you.

These are indeed difficult days, but by working together the Red Cross Society's share of available goods will be greater than by any other method.

NOTICE

The Victory Loan office will be located in the Ration Board office and will be open all day.

MISSIONARY TO INDIA TO SPEAK AT THE CHURCH OF CHRIST

Mr. T. G. Rash, missionary volunteer to the Central Provinces of India, will be at the Church of Christ, Vulcan, on Lord's Day, April 15th. He will speak at both of the services; in the morning at 11:30 and in the evening at 7:30.

Mr. Rash is a native of Alberta, having been raised near Wrentham. He is a graduate of the Alberta Bible College, Calgary, and has been for some time the minister of the Church of Christ at Hanna. He has left a successful evangelistic ministry there to go to the mission field in India, sailing for that country some time this fall.

Mr. Rash is well known to many people in this community but no doubt many more will want to meet him and be inspired by his great spiritual messages from the Word of God. Besides the above-mentioned services an after-service of Gospel singing and Christian fellowship will be held to which all are invited. This meeting will be about 8:45 p.m.

Mr. Rash will be accompanied by his fiancée, Miss Leota Patton, who will also be going to the mission field with him.

GARBAGE REMOVAL THE MAIN TOPIC AT TOWN COUNCIL MEETING

No License Now Required to Haul Garbage—Plans for V-E Day Discussed

The prompt removal of garbage, which has been collecting during the winter months, is immediately and urgently required to safeguard health, and this topic occupied the greater portion of the meeting of the Town Council on Monday night.

At the present time the drays and town team cannot accomplish this, and to enable citizens to arrange their own removal of the garbage to Bylaw No. 6 is cancelled. In effect this means that no draying license is now necessary for the purpose of hauling manure, refuse or excavating by hire. It is thought that this will relieve the situation, and the council urges most strongly that all refuse should be cleaned up as soon as possible. The Foothills Health Unit warns that in their present state they will breed great numbers of flies which are notorious disease carriers.

It was decided that as soon as men and material are available sidewalks will be built from the municipal office to the Vulcan Co-Op, and from the W. Saunders residence to the "Dad" Conley residence. The sidewalk to the hospital will also be widened.

Considerable discussion arose over plans for a local celebration of V-E Day. That some program would be arranged was assured, and a meeting of representatives from all local churches, lodges, town council, etc., will meet to lay plans on Monday night, April 15th, in the Legion Hall. Routine business occupied the remainder of the meeting.

MAYVIEW

Mrs. J. S. Smith left last week by plane from Lethbridge, for Boston, Mass., and other eastern points, where she will meet her son, David, who is returning from overseas in a few weeks.

Lac David Corner, formerly of Clinton, Ontario, is home on leave at present.

Mrs. Jack Terrill and baby son were Calgary visitors last week.

Friends will be interested to learn that Cpl. Walter Sinclair and Sgt. Gordon Sinclair both of whom have been stationed in Ontario, left recently for new postings at Vancouver and Sea Island.

Miss Donna and Miss Marlene Hanson of Millarville, spent the Easter holidays at the home of their aunt, Mrs. George Fulton.

Mrs. Bob Barrett and small son were recent guests of Mr. and Mrs. Bill Sharp.

Master Gordon Purvis of Calgary, spent the Easter holidays at the home of Mr. and Mrs. S. Nafziger.

Law Phyllis Smith spent the week end at her home.

Miss Margaret Plourd was a Barons visitor last week at the home of her sister and brother-in-law, Mr. and Mrs. Ralph Stager.

Allan Sinclair was a Calgary visitor last week.

Mrs. Orlo Doane was hostess on April 5th to the "Sunshine Social Club" (formerly Mayview Social Club) at a very well attended meeting. Mrs. E. Plourd, vice-president, presided in the absence of the president. A quilt was finished for the Red Cross and it was decided that during the busy season, the members would bring their own sewing and mending to the meetings. Sunshine friends names were drawn and roll call was answered with suggestions for programs for forthcoming meetings. The hostess served a delicious lunch assisted by Mrs. E. Richardson. The next meeting will be held at the home of Mrs. G. Fulton on May 3rd.

The moving pictures shown by the National Film Board at the school on April 3rd included several news reels and various agricultural films. Moving pictures will be shown early in May. Watch for posters for exact date.

E. G. Hansell, M.P. Wants a Plane

E. G. Hansell (S.C., Macleod) served notice on the War Assets Corp. that he has a potential purchaser for a plane—whether it can fly or not.

When the air force estimates were under discussion in the commons, Mr. Hansell spoke of obsolete planes, having been bought after recoverable material and equipment had been dismantled. He said he had subsequently been approached by a representative of a club which wanted to buy a plane to put in a children's playground.

"I thought it was a good idea," Mr. Hansell said. "I would not mind going there and pretending for a while myself."

He said he had not yet got around to approaching War Assets officials, but they could take his comments as notice that he wanted a plane for that playground.

SAVE PIG, SAVE FOOD

When a farmer saves every possible pig farrowed, he saves a lot of food. Each pig born dead represents a loss of about 140 lb. of food. A pig that dies at weaning time, when about ten weeks old, costs an additional 120 lb. of food, and a pig that dies after being finished for market involves a loss of 990 lb.—almost half a ton.

THIGH HILL W. I.

The Thigh Hill W. I. met on April 5th at the home of Mrs. A. McKague with eight members and six visitors present. Mrs. O. B. Roe, the president, was in the chair and the meeting opened with the singing of "O Canada," repeating of The Creed and the Salute to the Flag. Minutes of the previous meeting were read and approved. A Wartime Prices and Trade Board paper was given by Mrs. Mainland. Mrs. W. Myers and Mrs. Mainland agreed to exchange their work, with Mrs. Myers becoming liaison officer for the W.P.T.B. to the end of 1945, and Mrs. Mainland assuming the duties of secretary to the end of the year. Mrs. Roe was nominated as delegate to attend the biennial conference to be held in Edmonton May 29, 30 and 31st, at the Macdonald Hotel. It was reported that the draw for the rug raffied by the branch had been won by Mr. Stan Seales with ticket No. 139. Stewart McKague gave an interesting demonstration of his aeroplanes. The meeting was adjourned after which the members joined in singing "God Save the King". The hostess served a dainty lunch. Mrs. O. B. Roe will be the hostess for the meeting to be held May 3rd.

FOR PIPE OR ROLLING YOUR OWN

*What does
YOUR
FARM NEED?*

If you want to build a modern barn

or buy new equipment

or electrify your farm

or modernize your house

...then have a talk with your bank manager about his new powers under the Farm Improvement Loans Act.

How often have you said "If I could only raise the money!" Well, if you could, what would you do to improve your farm and increase your production?

Would you build a modern barn?
or buy new machinery?
or modernize your house?
or electrify your farm?

You can raise short term money from your bank; and long term money from other institutions by way of mortgage. But there are some things you would like to do which require loans that are neither long nor short...

That is where the banks, operating under the new Farm Improvement Loans Act, can help you. The gap has been filled. "Intermediate" loans at a specially low rate can now be obtained for periods of two or three years—or even longer, in cases up to ten years.

So, if you have a project in mind to improve your farm, drop in and talk it over with your local bank manager. Ask him what he is now empowered to do to help make your farm living more attractive and your work more profitable.

He will tell you—and show you—that your bank is just as eager to meet the sound credit needs of the farmer as of the merchant or manufacturer.

BLOOD CLINIC SUCCESS

Airmen and civilians donated blood at Vulcan's 4th Red Cross Mobile Blood Donor Clinic which was held for two days on March 27-28 in the Canadian Legion hall. Due to the gradual closing down of personnel at No. 19 S.F.T.S. it was not thought possible to hold a full day clinic at the airport as had been done before. Through the co-operation of the Chief Medical Officer, Dr. Colwell, it was arranged for the airmen to come in on the second day of the clinic, 59 being the number reported. 179 civilians were registered on time sheets and of this number 21 failed to reported. 15 were rejected, some of these being airmen, leaving a total of 2020 donations of blood received, which was considered very good. It would have been a record had all kept their appointment.

Through the co-operation of Mrs. Gill Williams, president of the Milo Red Cross, 25 donors came from there and ten came from Champion. 25 donors were presented with bronze buttons for their third donation of blood. One airman received the silver button for sixth donation of blood.

To hold a clinic of this size requires the co-operation and help of a large number of people. The convenor in charge of arrangements wishes, on behalf of the Vulcan Red Cross to express thanks and appreciation to all these who helped in any way to make the clinic the success that it was. Another clinic will no doubt be held in three months.

SMUT---THE FARMER'S ENEMY

Smutty grain is heavily discounted in grade and price by the Government's Inspection Department. Now is the time to think about treating grain intended for seed. The Business Of Farming Requires RESERVES

The men working in the mines in Western Canada must be kept employed at full time all through the Spring and Summer months if there is to be sufficient

COAL

If there is no work for the miners, they will take other work.

Coal mined during the next few months can be hauled by the railways from the mines to dealers' yards. Later in the season the railways will be busy carrying grain.

See your dealer at once and have him fill your bin as soon as possible.

Farmers always need "extra money" at seed time...

"READY MONEY" is the common term for what businessmen call "Reserve Funds". In any language, "Ready Money" is a handy thing to have.

None realize this need more than a farmer... for in the business of farming there are so many times that extra money is needed... for bills that must be met... to take advantage of opportunities... "to turn a dollar" with profit.

There are many times when a farmer needs "extra money". Without a reserve fund he must either sell something "for what he can get for it" or borrow, if he can get a loan.

Victory Bonds provide a safe and convenient form in which to keep savings until needed. Victory Bonds earn double bank interest. When you have Victory Bonds you can get a loan from any bank at any time without any formality, and the interest the bonds earn pays a large part of the interest on the loan.

Victory Bonds can be bought for cash which you have saved or bought on convenient deferred payments with money as you get it.

Buy Victory Bonds to provide a reserve of working capital for your farm. Buy them, too, to help maintain your country's war effort. They pay interest these two ways.

"Extra money" is needed to pay harvest hands...

You can often make a profit if you have cash to buy young animals...

NEWSPAPER EDITOR TAKES A WELL-EARNED HOLIDAY

During the past two weeks Miss Lola R. Bateman has been languishing in the comparative quiet of Manitoba, where she is visiting her sister at Winnipeg while on a well-earned vacation from her arduous duties as managing editor of The Vulcan Advocate.

She has carried on in that capacity for nearly two years, during which time she has received recognition and acclaim in the press throughout Canada as well as on an Alberta radio station and over the CBC.

She accepted the responsibilities of a country newspaper editor at the age of 21 and after only little more than a year's training. Much of the time she has had to carry on single-handed.

At her own request she is now relinquishing the editorship in favor of J. L. Findlay, previous editor, who has just received his discharge from the R.C.A.F. She will remain with The Advocate, however, we are happy to announce.
